# Construction Update

## June 2021

Argent Related, in partnership with Barnet Council, are creating a New Park Town for Future London at Brent Cross Town (BXT) in this update, we aim to keep you informed on the completed, ongoing and upcoming construction activities and let you know how you can get in touch with us. We always welcome feedback.

### Main Contractors Involved

**Galldris Group:** a Civil Engineering Contractor, based in Enfield with over 20 years' experience, successfully delivering multiple services to construction. Their responsibility is groundworks and major services infrastructure.

**RED Construction:** a Farringdon based main contractor that have successfully delivered projects in the London and the South East within the £5m to £30m range. They will be delivering our temporary Visitor Pavilion.

### Considerate Constructors

The Considerate Constructors Scheme is a non-profit-making, independent organisation founded in 1997 by the construction industry to improve its image.

#### What is the scheme?

The construction industry has a huge impact on all our lives, with most construction work taking place in sensitive locations. The Code of Considerate Practice commits those sites, companies and suppliers registered with the Scheme to:

- Care about appearance
- Respect the community
- Protect the environment
- Secure everyone's safety
- Value their workforce

At their latest review in November 2020, Galldris scored as Excellent or Exceptional across all categories.

Galldris was awarded a 2020 Considerate Constructors Scheme Gold National Site Award. This demonstrates that they have performed to the highest standards of considerate construction, setting them apart from all other Scheme registered activities that complete within the Award period.

This new neighbourhood is at the heart of the Brent Cross Cricklewood (BXC) regeneration, the most significant and ambitious redevelopment and growth programme in the borough.
