

Flight of Fancy! Worksheet

Help us to celebrate Cricklewood's high flying history by creating some designs to be used for an art installation that will appear in the local area later this year (find out more at transformingbx.co.uk/news).

Imagine owning your own airliner in which you could fly all over the world. Where would you go and what would you see? Design the look of Cricklewood Airlines, home of the best imaginary flights around. Draw, glue or paint your design below to show us how you would dress up your personal plane so that it is the smartest in the skies!

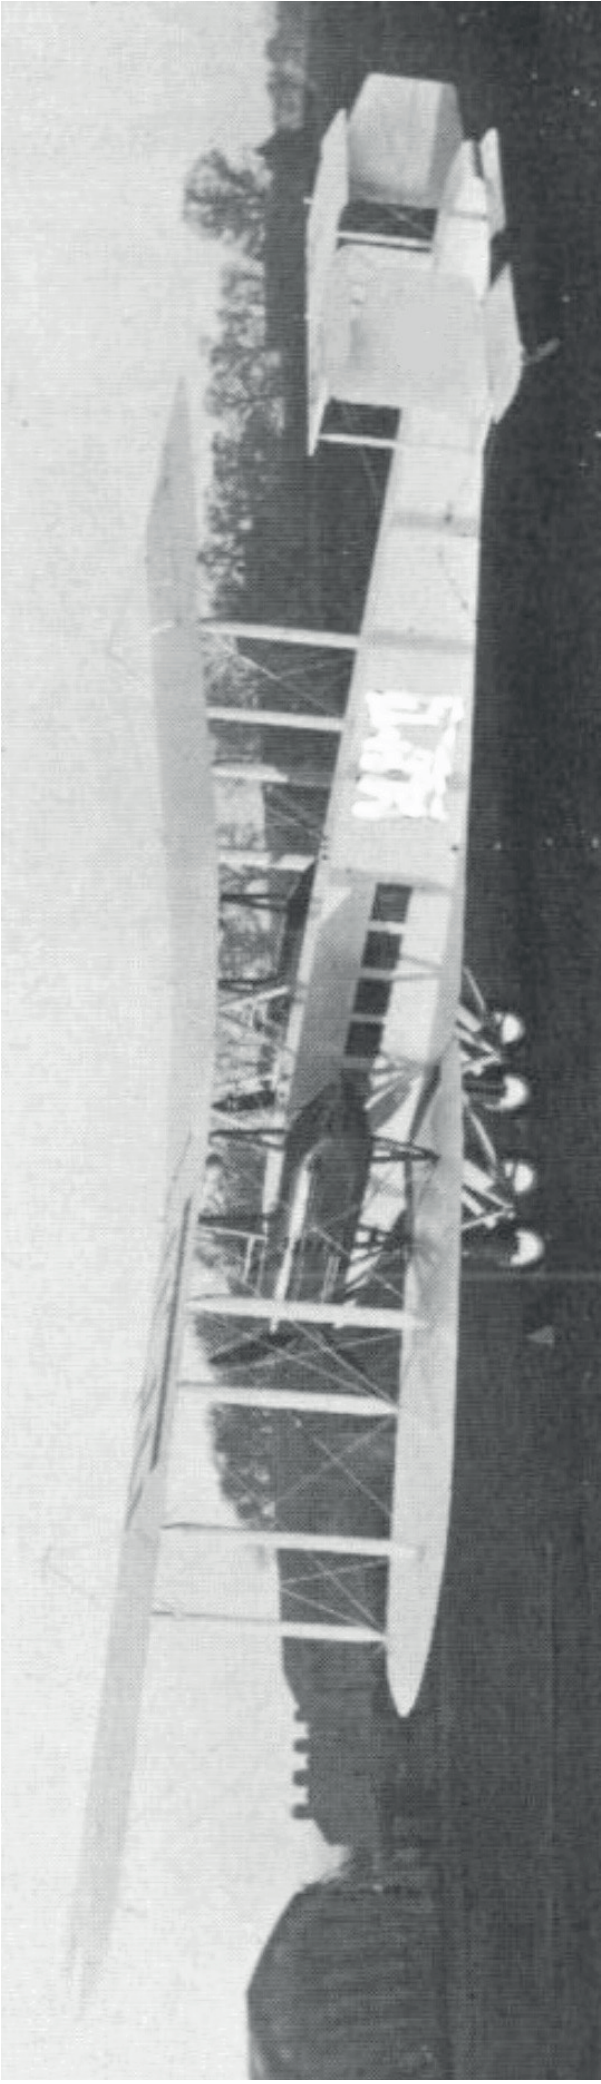

Name _____

Age _____

Contact email/tel _____

We are hoping to use your designs to inspire a new artwork. By signing this sheet you are giving us your permission to incorporate your design. Due to high numbers, not all designs will be able to be included in the overall artwork.

Welcome aboard Cricklewood Airlines! Your aircraft is ready...

In 1921 an Indian Prince ordered a new plane from the big factory in Cricklewood. He chose to have his made in pink with blue engines.

Show us how you will decorate yours...

Is your pattern geometric or curvy?
Will you decorate with flowers or birds? Find inspiration by looking around you at home and out of the window as you imagine flying around the world.

How will you make sure your plane is the smartest in the skies?
Draw onto and colour in the shapes of the planes on this worksheet.
