Sheffield University Campus announced for Brent Cross Town

This month we announced that Sheffield Hallam University will, in future, open its first satellite campus right here in Barnet.

As a university, Sheffield Hallam has proven that it values its place in the community. The Brent Cross Town campus is scheduled to open from 2025/26, with the aim of delivering courses to 5,000 students by 2030 and the focus will be on recruiting local students. In Sheffield, 40% of students come from within a 25-mile radius, a recruitment model we aim to recreate in Barnet.
