Brent Cross Cricklewood Transformation Update

Designs for a new office building at Brent Cross Town revealed, have your say

This month we shared the [design plans](#) for a new office building (referred to as Plot 19) at Brent Cross Town which will be based in the Station Quarter next to Brent Cross West station. The design for Plot 19 will create a unique and sustainable place for office workers, as well as provide retail space to be enjoyed by those who live close by, work in or visit Brent Cross Town.

This new milestone will bring hundreds of new construction jobs to the area and once completed, Plot 19 is anticipated to support around 850 operational jobs.

A public consultation will run from Monday 20 February to Sunday 5 March 2023. As well as emailing community@brentcrosstown.co.uk or calling **020 3617 6359** to share your feedback, there will be two public exhibitions (Sunday 26 February and Wednesday 1 March) held at The Visitor Pavilion on Claremont Road, NW2 1FE.

London Festival of Architecture community grant opens

Barnet Council is celebrating the London Festival of Architecture (a month-long celebration of architecture in London) with a community fund which you can apply for now.

Grants between £250 - £500 are being offered to help community organisations and organisers to arrange events, walks, talks and discussions that relate to the festival's theme 'in common'. All events must take place in June and within the borough. Applications to the fund close 28 February 2023 so apply now!.

Congratulations Whitefield School

Congratulations to Whitefield School who received a glowing 'Good' Ofsted judgement. After a two day inspection in December 2022, inspectors found Whitefield pupils to be well motivated to learn, polite and considerate. They also reported pupils as receiving leadership opportunities and activities to enhance their learning.

A celebratory event will be held in March if you have not had an opportunity to visit the school.

Experimental Controlled Parking Zone in some roads in the area

As part of the Brent Cross Cricklewood regeneration programme, Barnet Council is due to introduce an area wide Controlled Parking Zone.

Due to increased parking issues on some roads and to prevent non-resident parking in the area, the Council is introducing a short-term Experimental Controlled Parking Zone as an interim parking control measure. Roads covered in the Experimental Controlled Parking Zone are: Brent Terrace, Clitterhouse Crescent, Clitterhouse Road and a section of Claremont Road. Other nearby roads will also be covered in the area wide Controlled Parking Zone.

Help us keep the local area tidy by reporting fly-tipping

Recently we've been working with colleagues across Barnet Council grounds maintenance and street cleansing teams to clear up Claremont Road and the Brent Terrace southern entrance.

Fly-tipping is the illegal dumping of waste. It can vary in scale significantly, from a bin bag to larger quantities of waste.

Help us keep the local area tidy by reporting any fly-tipping you see in the area.
